

Cheap Wine and Cigarettes:

You call me up
When you get lonely, make me feel
Like I'm the only one you love
And then I just can't get enough
Hey, hey, like

Cheap wine and cigarettes
That kinda taste that you don't forget
You take me high and leave me in a mess, just like
Cheap wine and cigarettes
Hey, hey yeah
Hey, hey yeah

You're like a curse
You know I want you, crave you, wake up feeling worse
Yeah, but then the night it comes around
Baby I just can't put you down
I can't put you down like

Cheap wine and cigarettes
That kinda taste that you don't forget
You take me high and leave me in a mess, just like
Cheap wine and cigarettes

You're no good for me babe
But I still give into you anyway
Hey, hey, hey like

Cheap wine and cigarettes
That kinda taste that you don't forget
You take me high and leave me in a mess, just like
Cheap wine and cigarettes
Hey, hey
Cheap wine and cigarettes
That kinda taste that you don't forget
You take me high and leave me in a mess, just like
Cheap wine and cigarettes
Hey, hey yeah
Hey, hey yeah
