

Good Lovin':

There's a 2 for 1 special on candles at the 5 and dime
We can drown our troubles in the bubbles of some Boone's Farm wine
Johnny's the only cash we'll need
A little more light and a summertime breeze
We'll make out like the birds and the bees
Oh that sounds like money to me

We're broke
We're busted
Ain't got 2 dimes for rubbin'
When the car's on blocks and the power's off
Don't matter when we're kissin' and a huggin'
Oh the radio's free so come on dance with me
Who cares if we're living on a budget
Good lovin'
Costs nothin'
Good lovin' it don't cost nothin'

Yeah I know a guy working nights at the Holiday Inn
If we could hitch a ride, he'll meet us outside and then
You'll get a back rub
In the hot tub
Maybe even make a scene
Oh, we're doing it right on a Saturday night
Living the American dream

We're broke
We're busted
Ain't got 2 dimes for rubbin'
When the car's on blocks and the power's off
Don't matter when we're kissin' and a huggin'
Oh the radio's free so come on dance with me
Who cares if we're living on a budget
Good lovin'
Costs nothin'
Good lovin' it don't cost nothin'

Kissin', huggin'
Back rubbin', hot tubbin'
Baby, your lovin'
Sounds like money to me

We're broke
We're busted
Ain't got 2 dimes for rubbin'
When the car's on blocks and the power's off
Don't matter when we're kissin' and a huggin'
Oh the radio's free so come on dance with me
Who cares if we're living on a budget
Good lovin'
Costs nothin'
Good lovin' it don't cost nothin'

Good lovin',
Costs nothin'
Good lovin' it don't cost nothin'
